

Update from Clive Matters:

Since our inception on 6 November 2025, we have held several meetings to discuss how to best object to the current speculative planning applications for Clive. Our information campaign resulted in numerous objections being submitted on the Shropshire Council Planning Portal (125 for Flemley Park / Bungalow and 162 for the Station Road proposals). Since the original applications went live and after the formal commenting period closed, the applicants for all three developments have submitted additional documents and the commenting period was extended. We have carefully reviewed the additional documents since they became available on the planning portal for the three applications in Clive (Flemley Park, Land adjacent to the Bungalow and Station Road). We concluded that there was nothing new in these new submissions which altered any of our views or conclusions drawn from the original applications. Indeed, in some instances the new information contained material errors and misleading statements, which were brought to the attention of the Planning Case Officer.

We continue to monitor the portal for any new or additional information, should it arise, and will keep all Clive Matters members informed. Should anyone have any information which they feel is relevant to these applications, please share this with the group ([email to clivematters@gmail.com](mailto:clivematters@gmail.com)) so we can evaluate what appropriate action to take.
