Some of the Lions after blitzing the SY Gardens

A whole pride of Lions blitzed their way through gardening jobs in SY on Sunday 8 March. Not real lions, obviously (health and safety issues etc), but members of the Louth and District Lions Club.

The Club are a group of ordinary people who do amazing things for the community. And they have certainly made a difference in the SY garden. It looks fantastic.

Thank you Lions. You are definitely Kings of the Spout Yard Jungle.

**LOUTH
LIONS
ARE
ROARSOME**

Quacking good food

Down on the River the ducks are much in evidence

Ducks like to eat their greens. They can safely be fed sliced veggies such as cabbage, spring greens, watercress, courgette, broccoli and cucumber. Cooked carrots also go down a treat. No citrus, spinach, onions or avocado, though. And bread isn't good for ducks.

We love men at work

Huge shout out to

Louth Men's Shed for carrying out a pile of jobs. Love the new handrails on the steps!

Men's Shed is about men making friends and learning and sharing skills. You can find them on Thames Street, Louth.

Volunteering

Gardeners, gardeners, gardeners, contact us. As little as an hour a month could make a real difference.

And if you want to be involved in the management of SY, why not join us as a trustee
