# Notes from the Editor

Greetings to my fellow Hinxtonians.

Well where is the year going? It's November already and Hinxfest is upon us! Please ensure that this fantastic and important event gets our full support.

There's lots going on in the village this month and in the run up to Christmas, including fireworks at the Wellcome Trust Campus and the third quiz night at the Red Lion. The last one was enormous fun and I plan to get my team there again this time!

Take care and see you around and about

*Steph*

# CHURCH NEWS

## Thanks for the memory

Late autumn – the end of October and the start of November – is the season of remembering. We remember riotously with Halloween and Bonfire Night: flickering from candles in carved pumpkins, blazing from bonfires and fireworks, the light is a kind of protection against the encroaching darkness of winter.

And more solemnly, we remember those who've gone before us. All Souls' Day – two days after Halloween – is the time in the church calendar when we remember and give thanks for those we've loved whom we see no longer, who are separated from us by death. In churches across the country people gather to light candles and think back over the months and years.\*

Many centuries ago, at the very edge of the Roman empire, the great philosopher and theologian, Augustine - searching for God – looks in all the usual places. He focuses at first on the world around him, from fish at the bottom of the sea to the stars and planets in the sky above. It's only as his search turns inwards, towards his own mind, that he begins to see the light. Not in the outside world, he says, but in "the fields and spacious palaces of my memory" is God perceived and experienced. Memory for Augustine is a storehouse of treasures, a gift from God that binds us in loving relationship to God and to each other, even those we've lost.

Memory has another role, however, that's more often ignored, as poet Steve Turner observed succinctly in his poem "History Lesson":

"History repeats itself.  
Has to.  
No-one listens".

On Remembrance Sunday, as we recall the horrors of war and honour those who've died in conflict, we also pledge ourselves to work for peace. Those lessons from the past that memory gives us are perhaps needed now more than ever. As we meet for services on Sunday 9<sup>th</sup> November, we look back to the past, but also look forward in hope. And at the end of the Remembrance Sunday service, we make this our prayer:

Merciful God, we offer to you the fears in us that have not yet been cast out by love: may we accept the hope you have placed in the hearts of all people, and live lives of justice, courage and mercy; through Jesus Christ our risen redeemer. Amen

### Best wishes

## Dear Readers

Suddenly, HINXFEST25 is a week away. We have been planning this for months and months.

It started because Joan Roberts announced that her smashing biannual **Art Exhibition** was going to finish. I loved this show, if only because it brought our local communities together in a way that only **Art** can do. The weekend of the **Remembrance Day** on November 11th is such an important date, as is **Guy Fawkes** night on the 5th. These celebrations will be permanently woven into our **HINXFEST**.

It has always been my hope that having such an event, spanning a whole week and centred around the village hall transformation into an **ART CAFE**, would become the blueprint for future years with different people running it, always bringing fresh ideas.

It is likely that parts of our programme will be popular and other bits not so, but the whole concept can be seen as an experiment and only be judged a success after it is over. The success will firstly be measured by the pleasure it brings us all, then by the financial result. The income will fund the drive to have a washroom and toilet installed in the church. This may take some time as it is going to be horrendously expensive but our church is a special treasure to be cherished and cared for as our only village asset with such a long history. The next project will be the a glass entrance to the South porch.

Central to the whole week will be the **ART CAFE**. Here you can see a range of wonderful creative talent drawn from the surrounding area. We will have paintings, pottery, woodware, cards, lithographs, and a selection of craftwork all on sale or biddable at our **AUCTION**. The café menu is displayed but, at the moment of writing, the bookings are coming in quite well. You are welcome to drop in but because space is at a premium—**BOOK NOW** to avoid disappointment.

Probably the most ambitious project is the **SON ET LUMIERE** inside the church. The trials were exciting and you can be sure the event is well worth a visit. Starting at 6pm will allow the kids to come along. You can spend ten minutes or an hour and not be bored. The village hall will be open for a quick drink before the **AUCTION of ART**. There will be bargains and you may even find a unique Christmas present for the *Person Who Has Everything*.

Please come along and support this. Most of the individual events are free to enter but seeking a modest donation on exit.

Thank you all and see you there,

Mike Boagey

# Parish Council News

## Notes from the Oct 13<sup>th</sup> Hinxton Parish Council Meeting.

Wellcome Trust Campus Development. There have been queries regarding the large pile of earth on the site. Noise, dust and movements are closer to the village than expected. There is a Community Liaison Group meeting on the 15<sup>th</sup> where these issues will be raised.

Village Hall extension. The next amount of Sec 106 money has now been received. Results of the survey re the cladding were given- most people preferred the horizontal cladding. Councillors are looking at other funding grants such as Green Heat and renewable energy options.

Playground. Seesaw replacement or repair? Quotes received in the region of £5,000 to £7,000 to replace the seesaw which needs some repairs, nothing urgent so this will be revisited next year where it may be better to go with a repair which will be in the region of £2000 to replace the timber beam with steel.

Quiet Lanes. Our interest in Duxford Road becoming a Quiet Lane has been registered, awaiting further information.

Highways. It appears that we have at last been successful in making Hunts Lane a one way system from the High Street to the A1301, with speed limit reduced to 20 mph. This has taken many years to finally get approved! We did not get funding for 20mph in the rest of the village but will soon be putting up speed signs which we hope will help to slow traffic down.

Re junctions at New Road and North End Rd: We have received this from the County Council:

"I am aware of the concerns expressed by the Parish Council and some local residents re the design of the above junction.

The matter has also been identified as a potential problem within the ongoing Stage 3 Road Safety Audit.

In order to ensure that the design meets current standards for truck roads (Design Manual for Roads and Bridges) the developer U&C have commissioned a speed survey along the A1301 in the vicinity of the junction to ascertain the actual speeds that domestic vehicles are traversing the road at. The new survey will be undertaken as quickly as possible.

This 85% speed is one of the prime design criteria for junctions of minor roads onto 'trunk roads' which while the A1301 does not have that official status for all intention purposes it operates as one. The original speed survey to design the junction was undertaken when the traffic management for the roundabout works was in place and as such may have skewed the data. The new survey will provide a more robust set of information"

River/weir report. Chris Elliott has been approached as a private resident by Melanie Pankhurst and Lee Outhwaite for a meeting to gain greater understanding of the Weir and flooding prevention in the future. He will report back on what is discussed.

Hinxfest. Plans are going well and organisers are optimistic. This has been advertised on the HPC website and in the Hinxton News with regards to dates, events and booking information.

Locations of speed sign to be decided: a walk round the village to be arranged. Clerk to confirm date.

Public participation time.

Gritting at the top of Duxford Road: can this be added to the gritting scheme as vehicles coming from the Ford make the road very slippery in cold weather?

The date of the next meeting was queried as it is on the same day as the Hinxfest café. This was confirmed as the 10th Nov; even though the art and tables would be set out, there will still be room for the meeting to be held.

# Looking Up and Out – Funding Success!

We're delighted to share that St Mary Magdalene Church, Ickleton, has been awarded £244,684 from The National Lottery Heritage Fund to conserve its remarkable medieval wall paintings and involve our wider community in celebrating them.

It's taken many years of planning, fundraising and partnership to reach this point, with wonderful support from across Whittlesford, Duxford and Hinxton and beyond. Events, donations, and encouragement from so many people have helped to show just how much this heritage means to us all.

The wall paintings — described by Historic England as “outstanding” — are among the most complete Passion Cycle frescoes in England and a rare survival of their kind. Thanks to this grant, they will be carefully conserved for future generations.

The Looking Up and Out project will begin later this year with a programme of community activities, followed by repair and conservation works in 2026. There will be plenty of opportunities to get involved — from workshops and talks to family events and tours.

A huge thank you to everyone who has played a part in getting us here. This has been a true team effort, and we look forward to sharing the next stage of the journey with you.

# THE HUNDRED PARISHES SOCIETY

[www.hundredparishes.org.uk](http://www.hundredparishes.org.uk)

Patmore Heath near Albury

On a fine September day, I caught an early train to Ware before tackling the longest walk on the Society's website. Station Walk number 18 covers 17 miles (28 kilometres) between Ware Station and Stansted Mountfitchet Station. Although I walk regularly, it was some years since I last covered that distance in a day so I carried a mobile phone just in case.

An advantage of this route is that it heads north for several miles and then turns east, so for much of the way the sun is behind to give the best views.

After leaving Ware, the route is all in lovely countryside, passing through eight of our hundred parishes: Wareside, Standon, Thundridge, Braughing and Albury in Hertfordshire and then Farnham, Manuden and Stansted Mountfitchet in Essex. Through these parishes, only Standon and Stansted contributed much more than the occasional farmhouse. They, along with Gravesend in Albury, also offered opportunities for refreshment.

The route follows a series of good paths and tracks, rising and falling between river valleys. It passes over the River Lea just after the start, spends several miles along the Rib valley, and crosses the Ash and the Stort.

The journey crosses the Greenwich Meridian, the original route of Roman Stane Street and the former Buntingford railway line. It passes beside Barwick Ford, Standon Lordship, Patmore Heath and Stansted Windmill and there are sightings of distant churches, water towers and much more. But the best views are of unspoilt, rolling countryside and occasional wildlife.

I completed the walk, accompanied for the last 6 miles by my wife Janice after lunch in Gravesend. Altogether, a most enjoyable day – and the legs only ached a bit for the next few days! Having completed this challenge, I can return to the many shorter routes on our website.

## Ickle-Gigs

### LIVE at the ICKLETON SOCIAL CLUB

Saturday 15th November 7.30pm.

Kobayashi Bookstore, – From Cambridge, the Kobayashi Bookstore formed at the Edinburgh fringe in 2023. A melodic six piece band making original tunes that cannot easily be boxed into a single genre. With a nod towards Squeeze the Kobayashi Bookstore make listening easy, with sing-a-long choruses and poignant lyrics with their well crafted songs. ([thekobayashibookstore.bandcamp.com](http://thekobayashibookstore.bandcamp.com))

Wild Hope - A happy poppy style of music, with an edge not unlike the better side of Suede. This four piece band have had Radio 6 airplay with their single 43 degrees being played a couple of times on Tom Robinsons show. Perfect complement to Kobayashi Bookstore. This will be a good gig! ([www.wildhope.com](http://www.wildhope.com)).
