

# **NOTICE**

**Clipston Parish Council is in the process of drawing up a Neighbourhood Development Plan (“the Plan”). One of the matters being considered is the amount of new housing in Clipston during the 11 year life of the Plan. The Council’s appointed Housing Theme Group, taking into consideration the recent Clipston Housing Needs Survey, the views of the village at the recent open day event at the village hall and the planning policies of the Daventry District Council as planning authority, proposes 10 new dwellings of which 4 should be Affordable Housing.**

**With this object in mind the Council has invited landowners within the parish to let us have their views as to whether they think their land might be suitable in satisfying some or all of the above proposed housing needs.**

**If you as a landowner think that your land might satisfy part or the whole of the housing needs of the Plan then please contact the Parish Council clerk, Felicity Ryan at 3 Skippons Court Naseby Northants (Tel No 01604 740429; [emailclerk@clipstonparishcouncil.org](mailto:emailclerk@clipstonparishcouncil.org) ) who will be pleased to send out the information pack for this exercise, for you to complete and return as detailed in the pack.**

**By working together we will deliver a vibrant future for our village.**
