POLICY HWB4 – RENEWABLE ENERGY

DRAFT POLICY HWB4 — Renewable Energy & the Resource and Energy Efficiency of New Buildings

- 1) The development of new and existing buildings will be supported where they incorporate practical features that reduce energy consumption.**
- 2) Support will be given to development proposals that incorporate appropriate low or zero carbon on-site power generation subject to the resulting proposal demonstrating good standards of urban design and compliance with other development plan policies.**
- 3) Proposals which incorporate the reuse of materials and the use of local and sustainably sourced construction materials will be supported.**
