Or: Total annual household income less than £31,000

What LEAP can do for you:

- Help check if you are on the cheapest energy tariffs – could save you over £280 a year
- Install FREE, simple energy saving measures which can save the average household £30 on their energy bills a year.
- Give you day-to-day energy efficiency hints and tips and ensure your heating system is set up to keep you warm and save money.
- Arrange a FREE telephone advice service to help with benefits, debt and other money problems.
- Refer you for further energy efficiency improvements, such as full central heating, loft or cavity wall insulation or a new boiler.
- Other local advice that may help you save on your water bills, arrange a free Fire Service visit or help access some other assistance.

LEAP Appliances:

The LEAP Appliance scheme also provides free washing machines, fridge freezers and cookers under a grant – please note that gas cookers are not available under this scheme. All replacements are highly energy efficient, thus reducing your energy bills and reducing the impact on the environment.
