

NEIGHBOURHOOD PLAN VISION STATEMENT

PARISH OF EAST WOODHAY

including the communities of Woolton Hill and Broad Layings, Ball Hill, East End, East Woodhay, Gore End, Heath End, Hollington and North End.

Our Neighbourhood Plan will address the continuing and future needs of our communities and determine the nature of development within the parish. It will build on the Basingstoke & Deane Local Plan, with policies specifically designed to meet our communities' needs. .

Feedback from the communities of the parish indicates that important aspects of our Neighbourhood Plan should be:

- Protecting and enhancing the green spaces of the parish and access to them.
- Maintaining the rural nature of the parish.
- Ensuring that all new development is appropriate to the rural character of the area that falls wholly within an Area of Outstanding Natural Beauty.
- Ensuring that any new residential development reflects community need.
- Maintaining and improving existing facilities and infrastructure.
