

# Fiskerton and Morton Parish Council Residents' Survey 2021

We would really appreciate residents' input into how the parish council spend their energy and funds over the next few years. Our aim is to explore ideas and identify areas that would make our parish a better place to live. We can't promise that everything you write here will be carried out or even investigated as a viable proposition, but we do value your input - so thank you.

**Have you downloaded the My Notts App yet? if not please see link at the bottom of this survey.** *The app allows you to contact the correct departments at the Council with issues, questions or complaints. It is a more efficient process than going through the Parish Council – particularly if more than one person contacts them!*
