

It has been a good year for the allotment gardens; the new plots are progressing well and throughout the allotment an outstanding amount of work has taken place. A few plot holders have worked on their plots throughout the winter ensuring that they have a succession of vegetables throughout the year. A couple of plot holders are constructing heavy weight poly tunnels to maximise their growing season.

The trees in the Community Orchard are looking extremely healthy, and some are now in blossom.

Plot holders vary in age from young families with children to the more mature. Everyone gets on and more knowledgeable plot holders are always willing to help and advise if necessary.

We have a total of 14 full size plots and 12 half size plots, currently we have two vacant half size plots. The cost of plots for one year is £40 for a full-size plot and £30 for a half size plot. The cost covers rent payable to Rolvenden Parish Council, public liability insurance, and our metered water supply.

Please feel free to contact me if you would like to visit the allotment gardens.
