**London Luton Airport Ltd Non-Statutory Expansion Consultation** London Luton Airport are consulting on expansion plans and have invited communities and stakeholders to participate.

The consultation runs until 31 August, 2018 and information can be accessed via this link: <https://futureluton.llal.org.uk>

**Short Breaks Consultation** Just a reminder that there is currently a consultation for short breaks for Adult and Children's Services to give family members caring for adults a short respite break.

Short breaks are for people who are normally cared for in their own home by a family member or friend who is not paid for their caring tasks and for the person being cared for the breaks help create independence and allow them to learn new skills.

Previous feedback from service users and their families has shown that many of you think we need to change how we approach short breaks. So, to make sure access to short breaks is fair, and that services can meet both current and future needs, we are developing a new strategy.

Broadly speaking there are three types of short breaks:

- Universal activities are available through resources in the local community that everybody can access such as those available at leisure centres, community centres, faith groups and voluntary organisations. Examples could include; carer support groups, lunch and community social clubs or independent day services.
- Targeted services are available through resources that have been designed to meet the specific needs of a particular group of people, for example older people, people living with dementia, people with autism or hard to reach groups. Examples include; befriending services, gardening schemes and dementia clubs.
- Specialist services for people who have needs which cannot be met by universal or targeted short breaks and where the person being cared for or their carer is eligible for support. Examples include support at home by a temporary care worker, Shared Lives, a temporary stay in a care home or other supported environment, overnight residential short breaks and unplanned or emergency care when the usual carer is unavailable at short-notice.

The consultation runs until 10 August and can be accessed via the Buckinghamshire County Council website on the homepage under "Have your say" or via the link <https://democracy.buckscc.gov.uk/mgConsultationDisplay.aspx?ID=7388>

Cllr Lott asked if the 3<sup>rd</sup> – 5<sup>th</sup> September were confirmed as road closure for Brownlow bridge, they are confirmed as far as Bucks County Cllr Wight knows.
