7. Post regulation 16 matters: No further action required until the SG is contacted by the Independent Examiner. Although the SG has recently received an updated version of the Battle CP Design Guidelines (additional detail was added regarding PV solar panels and Bin storage) this will not be published, but instead held back until a revision to the NP is made in the future. Add to the Errata List
8. Publicity for referendum:
  - a. Following a meeting with BTC earlier today it was agreed that an Editorial Board is created. Many ideas regarding publicity discussed. Agreed articles could be adjusted to suit the target audience on different platforms. It was noted that the Battle CP Design Guidelines document has already been used by Alliance Homes (Rother) Ltd to improve the visual aspect of dwellings at the Blackfriars site.
  - b. BM to remind S.Marsden of a bullet point document regarding recent Blackfriars changes that the SG could use.
  - c. A "Vote Yes for Battle" group should be formed, which is independent of the Battle CP NP Steering Group and BTC, that has its own funding sources and does not use BTC funds. Crowd funding and Articles of Association should be established asap.
9. Storage of documentation: A suitable place short term should be sought for paper documentation. Liaise also with Town Clerk as BTC may have similar needs.
10. Any Other Business:
  - a. AR informed SG of update from Town Clerk regarding the recent FOI request. She is working to guidelines for completing the task.\*
  - b. Regarding the use of acronyms on public-facing documents, BTC require a statement from the SG which gives guidelines. Discuss at next working group meeting.
