

# A Winter's Tale

(David Essex, 1982)

INTRO: C G7 C / F / C

C G C F  
The nights are cold...er now

Em F F  
Maybe I should close the door

C G7 Am  
And anyway the snow has covered all your footsteps

F G  
And I can follow you no more.

C G C F  
The fire still burns at night

Em F F  
My mem...ories are warm and clear

C Dm F G7 C / F / C↓ [Stop]  
But everybody knows, it's hard to be alone at this time of year.

n/c C G7  
It was only a winter's tale

C C7 F  
just another winter's tale

C Dm C G  
And why should the world take notice, of one more love that's failed

C G7  
It's a love that can never be

C C7 F  
Though it meant a lot to you and me

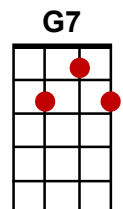

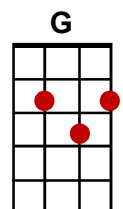

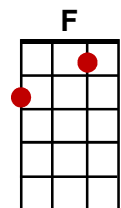

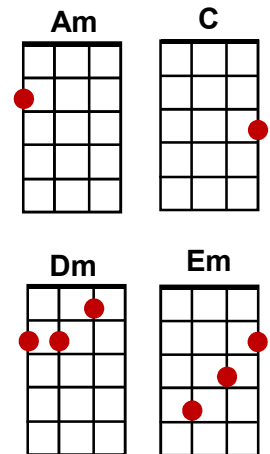

C G G7 C / F / C  
On a world wide scale, we're just another winter's tale.

C G C F  
While I stand al...one

Em F F  
A bell is ring...ing far away

C G7 Am  
I wonder if you hear, I wonder if you're listening

F G  
I wonder where you are today
