AGENDA ITEM 1 - APOLOGIES.							
0					Cllr Glenn	Cllr Glenn sends her apologies - she has a work meeting in Southampton	
0A					PCSO Bishop	"Due to upcoming paternity leave, I cannot guarantee that I will be at the meeting on Tuesday, so I will send a report as follows."	
AGENDA ITEM 5 - DORSET COUNCILLOR AND POLICE REPORTS							
0B	21/04/22	Police	Report		PCSO Bishop	"Regarding Community Speed Watch, I am hoping to meet with the volunteers soon and I am also trying to source some kit for the team to borrow on a temporary basis. At the end of March we had a complaint of a couple vehicles driving into Symondsburry along Shutes Lane, possibly having come from Hell Lane, Chideock. The person reporting was not willing to provide a statement, but both drivers (not local) have been spoken to and given words of advice. On April 4th, we had a call from a motorist concerned that there may be a drunk driver passing through the village. The vehicle was stopped towards Dorchester and fortunately passed a breath test, but said they may have been swerving due to being a bit tired. Please pull over and rest if you are tired or making long journeys."	
AGENDA ITEM 7 - REPORTS / UPDATES BY THE CLERK AND COUNCILLORS.							
1	07/04/22	Bus Back Better	Information			Dorset's Bus Service Improvement Plan grant application to central government has not been successful.	
2	08/04/22	Bus Back Better	Request	Out	Cllr A Dunn to Cllr Christopher	"Reading this news article I see that Dorset is not featured in this round of grants for BISPS From the article it appears that Councils who did not produce a bold enough vision for being a carbon copy of London bus services are not featured Can you tell me what is or has happened with the Dorset council submission as we can all see that BCP got a pay out As far as I am aware Dorset put In A bid of 91 million At a BLAP meeting on the 4th March Chris Loder said the council were still working on their submission Can you please clarify Dorset's position?"	
3	08/04/22	Bus Back Better	Information	In	Cllr Christopher	"I have spent some considerable time talking to Councillor Ray Bryan, copied into this e mail, Venting disappointments about the news on funding for buses. He will be talking to more senior politicians than I to discuss future prospects for funding."	Sent to all
4	08/04/22	Bus Back Better	Response	In	Cllr Ray Bryan	"A quick response. Our bid was seen to be one of the best presented. The DFT chose to initially award money to the congested areas to provide things like bus lanes. (BCP). We have been told in the letter that more money will be coming out of the Levelling Up funds and to ensure we make sure we make an application. I was very proud of our bid and have asked for meetings with Baroness Vere and also Grant Minister for Transport. I will keep Simon updated to update you all. I will not give up I promise." 5	09/04/22	Bus Back Better	Response	Out	Cllr A Dunn to Cllr Bryan	"Cllr Bryan I understand that you will be making another submission I am particularly interested in the division of monies How much will it cost to have the electric hub In Weymouth which is included in your scheme? Getting buses into areas that have been without a bus service is my concern In these rural areas there are not enough numbers using the service it therefore needs financial support. Unlike Dorchester and Weymouth we are villages but we would also like to use the bus to go to the cinema go out for supper attend appointments at hospital I would much rather see more services laid on over electric buses as of course in these rural areas we are very hilly and possibly unsuitable for electric buses especially if the Bridport bus station is removed and relocated to Weymouth.	Sent to all
6	09/04/22	Bus Back Better (continued)				I would also like to see that the contracts being set for the new supplier of the bus routes will not be able to just cancel services because they have become unprofitable as has happened with the X51 and the X53 since Wessex first bus took over . We no longer have a service on a Sunday in the winter the early and late buses have been cancelled ,how do people get to work and back in the hospitality sector Tourism brings such a lot to Dorset and yet there are no transport services for the tourists when they arrive."	
7	10/04/22	Bus Back Better	Response	In	Cllr Ray Bryan	"I will meet with officers tomorrow to discuss our way forward. I will respond once I have an updated response to give you."	Sent to all
8	11/04/22	Bus Back Better	Response	In	Cllr Ray Bryan	"We will continue to bid for funds when they become available. In the meantime we will continue with the Enhanced Partnership and work together with the bus companies and stakeholders to deliver the no-cost and low-cost parts of our BSIP. Feedback from stakeholder consultations showed that the priorities for the BSIP include more frequent bus services, covering more routes with longer operating hours (including evenings and weekends) and a simpler/cheaper fare structure. Therefore we will endeavour to find funding sources that can help us deliver these priorities for Dorset residents."	Sent to all
9	12/04/22	Bus Back Better	Response	Out	Cllr A Dunn to Cllr Bryan	"Thank you for taking the time to respond Rural Dorset is constantly being left behind our neighbours Weymouth and Dorchester They Already have a good bus service Hopefully the no cost and low costs parts of your BISPS submission could focus on West Dorset Rural Areas who are consistently lagging behind in services Those living in Rural areas still need to go to work/ hospital/dentists etc Locals were born in these areas they did not move to the area for work they should not be penalised for living in a Rural area"	Sent to all

Actions and Information 2022.04 A and I List to 25 April.xlsx

10	11/04/22	Disposal of household DIY waste at Household Recycling Centres	Information	Out	Cllr Christopher	"You may remember the issue of payment for disposal of items such as plasterboard by local residents at HRCs was raised at the last Parish Council meeting. This is from the BBC News site – https://www.bbc.co.uk/news/uk-61061736 "DIY waste recycling fees could be scrapped Fees for disposing of DIY waste at council recycling centres in England could be banned under government plans, in an attempt to tackle fly-tipping. Around a third of local authorities charge up to £10 an item for disposing of paving slabs, plasterboard, bricks and other materials. More than one million fly-tipping incidents were recorded in 2021, costing local authorities almost £400m. Ministers say they want to make it easier for people to dispose of waste. The proposed changes are contained in a technical consultation by the Department for Environment, Food & Rural Affairs that could lead to current legislation being amended. In 2015, the government banned charges on local residents disposing of household rubbish at household waste centres.	Sent to all
11	11/04/22	Disposal of household DIY waste at Household Recycling Centres (continued)				Guidance made clear this includes DIY household waste. But some local authorities are still able to charge for certain types of DIY material, under rules designed for construction waste. Environment minister Jo Churchill said: "I want to make sure that recycling and the correct disposal of rubbish is free, accessible and easy for householders. No one should be tempted to fly tip or turn to waste criminals and rogue operators." Dorset is one of the councils which charges for this. Please will you take this up with the relevant portfolio holder."

We are working with central government on a number of issues around waste disposal and I have today asked me team for the facts and figures around charging. We will input into the discussion and await further proposals."

18	06/04/22	Chideock Hill Speed Limit Signs	Request	Out	PCSO Bishop	"Please will you give the Parish Council the exact reasons why the current speed limit signage on Chideock Hill means that speed enforcement cannot be carried out. I noticed yesterday that the temporary 50 / 30 mph signs on Chideock Hill have been replaced with permanent ones – I don't know when that happened."	

Actions and Information 2022.04 A and I List to 25 April.xlsx

19	06/04/22	Chideock Hill Speed Limit Signs	Response	In	PCSO Bishop	"Any speed enforcement has to be carried out in a correctly signed speed limit area. Where there are signs missing or greyed out, this would mean the activity cannot take place. Also CSW activity cannot take place in an area where there is a temporary speed limit, for a period of three months, which should now be ok so long as the signage is lawful] to proceed. Re the signs being replaced, I will follow up as to whether this now means that the CSW activity can start."	Sent to all
20	06/04/22	Chideock Hill Speed Limit Signs	Response	In	PCSO Bishop	"I have been given the go ahead for the CSW team to proceed, so long as the signage is in place, which it sounds like it is now. This will be on a temporary basis until the camera/s are in operation as planned (which I have been advised Highways England are going to do and Brian Austin in our Roadsafe Department is chasing this up) or till such time as the speed limit is revised. I don't know what Highways England are going to do long term regarding the speed limit, but I hope that they make a decision and get the cameras set up asap."	Sent to all

25	07/04/22	Dorset Deserves Better	Letter	Out	Dorset Deserves Better	Agreed response to the DDB Newsletter 5.	

26	08/04/22	Dorset Deserves Better	Response	In	Dorset Deserves Better	"Thank you for your detailed email which I have read with great interest. As you probably know, the "Dorset Deserves Better" Campaign is seeking to persuade Dorset Council to re-think the local plan as we believe the current draft plan could do serious and unnecessary damage to Dorset's countryside and we think that a much more forward-looking plan could be achieved that better serves the people of Dorset; helps to address housing, poverty and social justice issues; tackles the environmental concerns and reduces our carbon footprint. We have laid out our case in detail in an open letter to Dorchester Council on 17th January (enclosed). This is meant to be a constructive, non-political campaign where we work closely with Dorset Council to build a better Local Plan the serves the people of Dorset and so far we have gained the support of many organisations across Dorset including 41 local Dorset-based organisations and 16 Town and Parish councils representing 86,000 people (18% of the population). We do understand that West Dorset has been somewhat neglected and that any new Local Plan must reflect the views and concerns of the whole county. As such we are talking to many town and parish councils across Dorset and continuing to learn about their particular circumstances and concerns. If we are not addressing your issues, then we would certainly like to hear about them and see if we can modify our campaign to make it more relevant to you. So, we would very much value the opportunity to come to one of your council meetings to talk about the DDB Campaign and listen to the concerns and aspirations of the Chideock Parish Council. Please let me know if there is a suitable date in the near future.	Sent to all. Should CPC invite them to a meeting?

AGENDA ITEM 12 - CLAPPS MEAD PLAYING FIELD						
31		Quarterly Inspection Report	Report	In	Ken Hussey	"Signs are looking good. As I have previously reported its never easy getting an effective self closing mechanism for picket gates but I think I may have found some that work pretty well and are adjustable. They are Truclose and I have fitted them at Whitchurch a while ago and they seem to be holding up alright. They are about £60 a pair but worth thinking about. I have found a supplier for the bracket assembly for Springers and I will have a measure up and see if they provide an assembly that fits your springy car. If so then we could bring that back up to scratch. I think looking to the future you could do worse than think about replacing the goals with something like the ones in this link https://www.markharrod.com/product/mini-soccer-heavy-duty-folding-football-goal-package-16-x-6/
32	03/04/22	Seesaw matting	Request	Out	Ken Hussey	"Chideock Parish Council requests that, as suggested in your Quarterly reports, grass mats are sourced and installed for the see-saw, at a cost of £85."

37	29/03/22	All-weather All-purpose Path	Response	In	Tara Hansford, RoW	Sent to all
DORSET HIGHWAYS						
37A	24/04/22	North Road closure	Request	Out	Dawn Heath, Dorset Highways	"Regarding the closure of part of North Road - signs have gone up in North Road warning of this closure. But signs are also needed to stop motorists thinking they can use Carter's Lane as a diversion route if there are problems on the A35 westbound. To be fully effective they are needed on the A35 itself prior to the turn into Ryall Road and say something like "No access to Chideock and A35" - obviously residents of North Chideock will have to use Carter's Lane for access. Please will you make sure this is done or there could be chaos and carnage in Carter's Lane!!"
37B	24/04/22	North Road closure	Request	Out	Dorset Highways	Request for formale notice of the closure i.e. the Temporary Traffic Regulation Order
FLOODING
