Subject: Public Right of Way Modification Application in the Parishes of Swaffham and South Acre
Attachments: Application Route.pdf

Section 53 of the Wildlife and Countryside Act 1981**Modification Application for the Upgrade of Swaffham Bridleway No. 1, 2 & 3 to a Restricted Byway and the addition of a Restricted Byway to the Definitive Map and Statement for the Parish of South Acre**

Dear Mr Bishop

The County Council has received an application for a Modification Order proposing the upgrade of Swaffham Bridleway No's 1, 2 & 3 and the addition of a restricted byway to the Definitive Map and Statement for the parishes of Swaffham and South Acre.

The proposed route to be upgraded is marked with a bold blue line and the proposed route to be added is marked with a bold green line on the attached map. The north-east end of the route can be located using coordinates 581755, 313148, whilst the south-west end of the route can be located using coordinates 576731, 309475.

I would be grateful if you could provide me with any evidence that shows a public right of way does or does not exist. For example, do you have any knowledge of past public use of this route which would be of use to the County Council in assessing this claim?

It would be helpful if you could respond within six weeks of the date of this email.

If you wish to discuss this matter, please do not hesitate to contact this office.

Kind regards

Kathryn Webb | Case Officer
