It was agreed that the Parish Council was unable to support the application and the following comments were agreed to be added to the Planning Portal:

Given limited amount of information with respect to the main events - the size of the current facilities are not suitable for the events that have been outlined and the storage facility is completely inadequate for what is being proposed We therefore feel that this is an unsustainable location so the Parish Council cannot support this application. Notwithstanding the transport issues on a single track lane that is Brockhill Lane.
