4.0420 Question time:

A resident raises concern to the Parish Council about the village website accessibility to minutes explaining that they had issues previously finding them. It is believed that it might be related to the process of accessing the website rather than a website issue. The clerk has sent the resident a link which does work as needed. The Web designer to be contacted to see if they have more information.

Action LI

The resident asks the Parish Council about timelines relating to the Petanque course.

MI provides the resident with some background detail on the fruition of the course. The course will be placed opposite to the Olde Bell, on the fence line in the corner, subject to the builder's input and recommendation. The course will be made in line of regulations using specific Petanque Grit.

The resident raises an occurrence where a resident had required the use of a defibrillator. They raise awareness issues and offer to distribute leaflets door to door if helpful.

The Parish Council decide this isn't necessary at the moment as the emergency services will direct residents to the location of the defibrillator which is located at the Olde Bell. The kind offer if leaflet distribution is noted.

Once guidelines permit a First aid/ defibrillator course will be arranged for residents to attend. The resident asks about emergency access to playing Field in the event of the field being locked to the public. MI updates saying that the concept of this idea related to protecting the area from potentially being abused by travellers or people without permission to use the land. This still is work in progress and advice will be sought from the builders.

The Parish Council thank the resident for attending the meeting.

Various options are mentioned in terms of whether the Village Hall should be donated to the Village Hall committee or a tenancy put

in place. The Bank has been approached in regard to setting up a sperate charity account – but they (the bank) are currently not opening up new accounts of this type due to covid restrictions. MI asks that this is put on the Agenda as a regular item to progress.
