

MISSION STATEMENT

Nunthorpe Bowling Club

Nunthorpe Bowling Club exists solely for the purpose of providing excellent facilities to provide green bowling to as many members of the public as possible. Players pay an annual membership fee.

Our aim is to do this in a safe, secure and friendly environment from junior to senior free from discrimination of gender, race, religious beliefs and disability.

Bowling can take the form of social bowling with other members in a casual form, through to competitive bowling, in-house competitions, and league games against other clubs in the area during the Spring/Summer months.

In the club competitions and inter club leagues it is the clubs ambition to produce top class bowlers and win all games played.

The club will provide coaching, advice, encouragement, critique in a positive atmosphere.
