Good afternoon Mrs Harry,

Firstly thank you very much for your enquiry for the conservation works to the inscription panels on Donhead War Memorial.

Further to our telephone conversation, my cost is to locally infill the recessed lettering with mortar, and then over paint the more shallow areas with an acrylic or enamel paint, rather than the specified grouting of the letters. As I believe that with the panels being worked on in situ, the introduction of a grout will be impossible to control.

If you have any queries or questions, please do not hesitate to contact me in the office.

Kind Regards

Lisa Edwards
