

## **Temple Ewell Church of England Primary School**

### School Report for Parish Council 2026

Our school has continued to deliver excellent academic outcomes for our pupils, with 81% of Year 6 pupils meeting the expected standards in reading, writing, and mathematics in 2025 compared to 62% nationally.

We currently have 155 pupils on roll with a few spaces in our younger year groups in the school. We have continued to offer a wide and exciting curriculum for all our pupils, including enrichment opportunities that enhance their cultural capital. For example, our pupils have enjoyed visits to local landmarks such as Kearsney Abbey and Dragon Woods, as well as trips to London and the theatre. These experiences allow our pupils to broaden their horizons and deepen their understanding of the world around them. Our Year 6 children went to Hindleap Warren in East Sussex for their residential visit in March. This outdoor adventure trip provided them with valuable opportunities to develop important life skills such as teamwork, resilience, and independence. The chance to "get muddy" and engage in physical challenges aligns with our school's vision of enabling all children to flourish and grow. We are committed to ensuring that all our pupils, regardless of their background or circumstances, can access and benefit from these cultural capital experiences. Our inclusive approach is evidenced by the high levels of participation and engagement we see from our pupils, including those from disadvantaged backgrounds and with special educational needs.

Our pupils have been able to participate in a range of competitive sporting events again this year, with the aim that every child has the opportunity to represent our school during the year. This is a testament to the hard work and dedication of our sports coach, teaching staff, and volunteers, who play an essential role in continuing to develop sport in the school. We are particularly proud that our children performed exceptionally well in the cross-country running competitions where we were the overall winners in the majority of year groups. This demonstrates the high level of physical fitness and talent among our pupils, which we are committed to nurturing and developing further. Sport is an integral part of our curriculum, as we recognise its importance for children's physical and mental health, as well as its role in building confidence and resilience. Through our comprehensive
