Do you support, object or wish to make comments on this section of the Local Plan?

**Comment**

Warnford Parish is on the boundary between the Scarp Slope, Dip Slope and Western Downs areas. The definitions of the boundary of the Scarp Slope area are not consistent with each other or with the map. The map suggests that the bottom of the Meon valley is included in the Scarp Slope; Clause 4.77 says that western limit of the Scarp Slope area is Old Winchester Hill; however Clause 4.80 says

that Beacon Hill NNR (which is west of Old Winchester Hill) is included in the Scarp Slope area. Warnford Parish needs to know which area(s) it is in.

What improvements or changes do you suggest?

Clarify the boundaries of the areas with a more detailed map and amend the text consistent with it.
