4) PUBLIC FORUM

MOP1 said that he had received a letter from Novus regarding a Solar development on Elms Farm. The panels would be 3m high blue/black structures which are an inappropriate development of the fields in this area and will spoil the aesthetic. It would be difficult to screen from view although Novus argue that this is possible. MOP1 said that the panels will be visible from Whiteoaks.

MOP2 agreed that the solar farm will spoil the aesthetic and look industrial. Screening will not help. Newbold Pacey is a very special place. This development would be detrimental.

Cllr Bolton said that the Council could not comment at this time but reminded those present that a similar development was fought in the past on the basis that it would interfere with aircraft flying waterfrom Wellesbourne airport. Cllr Bolton also added that there would be a danger that any site used for solar panels would then be classed as a brown field site making it open for future housing development.

Cllr Wright said that the Council would take advice regarding material planning considerations once the application is received. He would be interested to know how the planned site differs from the previous application.

Cllr Pietrecki wondered whether the applicant was also planning to develop Ashorne Hill. MOP2 said that it was not. That company was Canadian.

Cllr Parry said that there have been 10 similar applications in the district and she was going to speak to the Head of Planning to understand the material planning reasons why the Council could object to the developments. This must be balanced with SDCs recent commitment to the Climate Change Emergency Policy.

The Council agreed to publicise when any planning applications are received.

MOP3 The Cricket Club opened in the year of the Queen's Silver Jubilee and they would like to support the Platinum Jubilee by planting an avenue of trees between the Cricket Club and Newbold Pacey Church. It was suggested that the Parish Council may want to approach local landowners to agree to planting on their land during March to bring the total of trees to be planted to 75.

Cllr Bolton said that he wholly supported the proposal and suggested working with Wellesbourne and Moreton Morrell Parish Councils. Cllr Bolton proposed that the Parish Clerk write a piece for the Village Hut News encouraging 'like-minded people' to form a working group.

5) UPDATE FROM WARD MEMBERS

a. Penny-Ann O'Donnell, County Councillor

Cllr O'Donnell had forwarded a report to the Council, which was received with thanks.

Cllr Wright asked why the recycling centres had not yet been fully reopened and that it would be very helpful to have regular local Covid reports.

b. Anne Parry, District Councillor

Councillors received Cllr Parry's report with thanks.

Cllr Wright asked how far down the road the joint working was between SDC and WCC? Cllr Parry said that the joint working is still exploratory whilst waiting for the Government's White Paper on devolution. The two councils will continue to rationalise and head towards unitary status. Cllr Parry said that it was very important that residents replied to the public questionnaire on the merger launched on September 2021.

- g. **Parish Clerk to recommend suspending Direct Debit for HP Ink and purchase replacements.** The Parish Clerk recommended that HP Instant Ink be cancelled and that a full set of ink be purchased.
