

Borden Sports Association

Monthly Report June 2023

Cricket

The cricket season is now under way with the Sunday team competing in the Kent Village League Division 2 having been promoted at the end of last season. At the close of this past weekend they have currently won one match, drawn one match and lost one match.

The Saturday side continues to play friendlies until a regular full team can be created.

The cricket statistics & club information particularly for new interested players can be viewed at www.borden.play-cricket.com

Anyone interested in playing regular cricket is asked to contact the cricket section via the details on the website.

Football

The football season has concluded with the men's team, which play on Saturdays, basking in the glory of winning the Kent County League Premier Division title. As explained in this year Sports Association annual report it is the highest position the club has held in the entire history of Borden Village Football Club.

General Comment

It is worthy of note that both the football and cricket sport committees receive regular comments on the high standard of the pavilion and sports-field facility that Borden is proud to offer. This excellent amenity is part reason for our recent sports successes where players feel privileged to be associated with such a recognised high standard pavilion and sports ground. The support of the Parish Council in achieving this acknowledgement is both recognised and appreciated by all.
