

Frome Shed January Newsletter 2026

Wishing a Happy New Year to all Shedders.

You will have noticed that the Trustees are continuing with the tidy up and redistribution of unwanted items.

Can all Shedders please help to keep the Shed **clean, tidy and safe** by NOT bringing items in on the off chance that the Shed can make use of it; switching off, unplugging and putting away; vacuuming the floor, emptying the waste bin AND if you use the machines in the upstairs workshop empty the large bag attached to the extraction system? If you don't know how to do this please ask Richard Whitehouse for help.

The next **book club session** will be on Monday 2nd February. The book for discussion is 'Tis' by Frank McCourt.

Every year we have to have a **Fire Drill**. We hope to run these in February or March. When we have the date and time please make every effort to attend as it is really important that we all know what to do in the event of a fire.

You will see on the noticeboard, adjacent to the Duty Manager desk, that there are bits of **information about the Shed**. We have now added a Safeguarding guide for all Shedders. Please take the time to read it.

Each year the Monday Shedders support a charity through a **Coffee Morning**. Last year we supported the Children's Hospice. If any Shedders have a

favourite registered charity, that you would like the Shed to support, please let Anne Jones or Pam Curtis know.

Any of our members and friends who are **hard of hearing** will be pleased to know that the **Cinema in Frome** is resuming subtitled showings on a Wednesday afternoon!

This is great news, the next showing will be 'Hamnet' at 13:30 on Wednesday 21st January. Take your tissues, it looks like a weepie.
