Status	Application in Progress
Appeal Status	Unknown
Appeal Decision	Not Available

Object strongly – comments- Inappropriate to a village setting SDNP states as dark sky zone Farringdon is in zone E1A and states no illuminated advertisements should be allowed. Farringdon Design statement and village plan states 89% of residents wish the village to have no additional lighting. The PC agree that garden lighting is required but this should be ambient lighting and should not be left on all night as it presently is. This has affected Neighbours and complaints have been made.
