

Dummer Parish Council
Community Infrastructure Levy Policy

What is CIL and how is it allocated?

The Community Infrastructure Levy (CIL) allows Basingstoke and Deane Borough Council (BDBC) to raise funds, from some forms of new development, to help fund the infrastructure needed to mitigate the impacts of new development. CIL funds are used for either infrastructure of wider strategic benefit to the Borough or local infrastructure.

Basingstoke and Deane Borough Council's CIL Policy for Parish and Town Councils can be found on their website [CIL for Town and Parish Councils \(basingstoke.gov.uk\)](http://basingstoke.gov.uk/CIL%20for%20Town%20and%20Parish%20Councils)

The Parish of Dummer Parish Council CIL Policy

The regulations that govern how CIL is spent require that The Parish of Dummer Parish Council utilises the local CIL allocated towards either:

- The provision, improvement, replacement, operation or maintenance of infrastructure
- or anything else that is concerned with addressing the demands that development places on The Parish of Dummer

These definitions allow Dummer Parish Council and the local community to consider quite broadly what is needed to help to mitigate the impacts of development in the Parish of Dummer. The definition of infrastructure is broad and includes roads and other transport infrastructure, schools and other educational facilities, medical facilities, sporting and recreational facilities and open spaces.

Dummer Parish Council will work closely with the local community and infrastructure providers to identify potential improvement schemes, encouraging and, if applicable, sponsoring applications put forward.

Dummer Parish Council has a five-year period in which to spend CIL monies from the date received, thus funds may be accumulated to provide for major projects.

All decisions involving the approval CIL applications and disbursement of CIL payments must be made at a meeting the Full Parish Council.

Who can apply?

Applications may be made by:

External applications from not-for-profit organisations. Applicants may include statutory infrastructure providers, state schools, community groups and registered charities. Applications by membership organisations must be able to demonstrate a wider community benefit. Given that CIL is public funding, any new or improved facilities should be accessible to a range of people within the community. Applications must be received from the delivery organisation, rather than an individual.

-Please note that if an external organisation has been granted CIL funds for a project it may not apply for further CIL funding, regardless of the project, until twelve months have elapsed since the previous award was granted.

Dummer Parish Council may also allocate CIL funding to projects identified within the Parish.

- Addressing impacts created by new development.
- Wider community benefit: beyond just the benefits to the organisation submitting the application.
- Deliverability: a clear delivery plan in place
- Evidence of additional resources (people or money) available from partners to complement funding.

How much can I apply for?

Applications can be made for full or part funding of a project. It is in the interests of Dummer Parish Council to make CIL monies collected go further by availing of opportunities such as match funding. Applications for 100% funding will generally not be supported and match funding will be encouraged. CIL funding should be the funding of last resort, with other funding sources having been considered first. If other forms of funding have been sought but unsuccessful, please provide details within the application. Evidence will be requested that other sources of funding have been sought.
