

Staplehurst Parish Council

PARISH COUNCILLOR PADDY RIORDAN

WRITTEN STATEMENT

I am privileged to be elected as our Parish Council Chairman for this year. I sincerely hope to guide our Counsellors to achieve many positive things for Staplehurst.

I hope to help drive improvements in relation to the Parade, Village centre (Community centre) the Jubilee field and the station area. We will be consistently involved in planning applications and activities, whilst trying to drive improvements to our local infrastructure.

We hope to have improved communication with our residents, so they can be actively involved in everything we do. Many village events seem to be taking off and are very well supported by the community.

As Chairman I take an interest in all Parish Council groups and many community groups. I am very passionate about attempting to achieve better sports facilities for our village.
