Clerk Report – JULY 2026

1. **Planning Decisions:**

   None Recorded

2. **Correspondence**

2.1 Hi Tracy,

Thanks for sending this over – your plan looks great 😊

I have added it into our plans folder and if there are any incidents we will get in touch.

As your plan is up to date, there are now a few extra steps we can take to help your community be a resilient as possible.

Firstly, you will now be able to apply for a community resilience grant (up to £1,000) – more information here Community Resilience grant | Test Valley Borough Council. If you would be interested, we could arrange a meeting to discuss some options.

Secondly, it is always good to test your plan. Have you ever run a tabletop exercise in your community?

Happy to discuss this in more detail.

Best wishes,

Alex

Re: Resident concerns village traffic increasing
Thank you for getting back to me so quickly. If you could apply some pressure on the County Council over this, it would be a good move and would have more impact than emails from village residents. At some point, not least owing to the increasing (and concerning) building projects in the area, attracting greater traffic, someone, be this a dog walker or cyclist, is going to be injured.

best wishes

2.3 From TVBC
Please could you provide details of the spring bulbs to be planted? Will there be additional wildflower planting as per the last licence - if so please could you provide details of what flowers will be in the mix?

2.4 Resident Petition for 20mpg on Danes Road
