8. Best Kept Village

Clerk had printed leaflets which were going to be distributed to all residents. Councillors, John Lovelock and David Vincent would be doing this.

9. SBDC Local Plan – consultation

DB explained that the new ‘emerging’ Local Plan for SB District would include delivering sustainable development in the District to 2036. Councillors agreed that there was nothing available in the Village.

10. Slade Farm

DB said that the exhibition on March 28th had been very well attended. PH said the application is expected early April/end May. He said that was already a 7½ years land bank in the County, so there was no need for any further excavation. There were sufficient minerals in reserve. It was suggested by the developers that there was a need to supply London, but Bucks does not have to provide for gravel needs in London. PH also said that it must be pointed out that the site was very unsuitable this close to the village. It was not in the Local Plan and PH said that he will be very active against this scheme.

11. Community Plan

EJE said that there was nothing further at the moment.
