

#### Parish Council Budgets

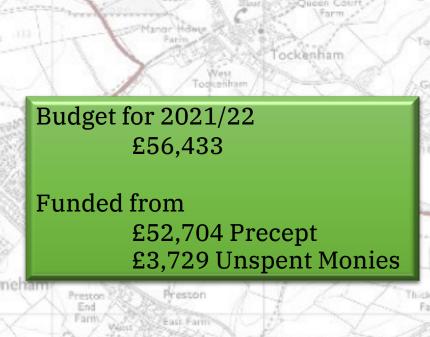

- A Parish Council needs to account for <u>all its funds</u> either as part of an Operations Budget or as part of its Reserves (or Earmarks a.k.a EMRs).
- It cannot carry over money that is "unallocated" it needs to account for the reason the money is held, or it may need to return it to taxpayer.
- The Council should have a Contingency Reserve for unforeseen events and expenses. For the last few years this has been £25,000 (around 50% of Operational Budget / 6 months) and was increased in 21/22 to £35,000 (2/3 of the OpEx budget)
- Earmarks or Reserves are planned expenses that stretch passed the forthcoming year (multi-year or future projects).
- Earmarks are not binding, only intentions: They can be changed by Council if circumstances change
- The Operational Budget is the plan for general operations of the Council for the forthcoming year. Again, if things change the budget line items can be amended if circumstances change.
- Changes to Earmarks and Budget lines should be approved at a meeting by a vote

Neighbourhood Development Plan Steering Group Funds - The Parish Council earmarked a total of £11,500 for this process over two financial years - 2017/18 and 2018/19. The Forecast is based on the assumption the contract with Lemon Gazelle will run to year end.

Groundworks Grant – awarded to the NDP Steering Group towards the Neighbourhood Development Plan process. Because the NDP Steering Group is a Parish Council project the funds had to be held in the Parish Councils bank account. £1336 was held by the Parish Council at the start of 2020/21

Special Projects Reserve - There are two potential projects for forthcoming consideration on these funds; Bradenstoke Noticeboard changes (est. £2000) and Bradenstoke Junction Flower Meadow (est. £2400)

#### **GENERAL RESERVES / CONTINGENCY**

General Reserves were set at £25000 for the 2020/21 financial year and for some years prior to that. This was increased to £35,000 for the 21/22 FY to ensure at least 6m of OpEx coverage. Best practice is that General Reserves should be set at 6 months of total spend for the year. General Reserves are required in the event there is some difficulty with receiving Income e.g. Precept, so that the Parish Council can continue to function and pay its bills.

#### Suggested Precept Scenarios

Ideally, the Precept should cover the Operation Budget each year. By subsidising the precept eventually it will need to rise substantially when there are no funds to subsidise it. This may not be as easy if central government impose the long planned requirement to have voter approval to increase the precept.

NOTE: The Precept is calculated on the number of tax payers as a factor of Band D houses: The Tax Base for the coming year is 1522.12 (up 9.32, which will mean the precept amount per house will decrease by 0.60% even if the precept amount requested stays the same)

In the first two of the three scenarios, the precept is being subsidised by funds remaining from the current year's budget surplus. However, 2021 has been an unusual year like 2020, and 2022 may not yield the same level of surplus especially if a number of village groups or organisations require some assistance post-Covid.

## Suggested Precept Scenarios

Carried forward to 2022/23 Budget	£8,000	SCENARIO SELECTED
Operational Budget	£56,385	Topkenham
Increase Defibrillator Replacement EMR	£2,000	(NOTE: Replacement likely to be £6000 in 2024, current EMR is £2000)
Increase Special Projects EMR	£2,319	(NOTE: Work at Bradenstoke Junction Wildflower Meadow is estimated at £2400, Bradenstoke Noticeboard revisions are estimated at £2000, neither form part of any budge calculations)
Carry forward unspent provision	£3,681	OKE CP Lyncham Preston Preston End Farm Fact Farm
Precept Needed	£52,704	Decrease of 0.6% which is a decrease of £0.21
Current Precept (21/22)	£52,704	per Band D house due to increase in tax base
Change	£0	Syncham 1972 13

Precept Needed	£56,385	Land of COV 1111 in the control of CO 20
Current Precept (21/22)	£52,704 >	Increase of 6% which is a increase of £2.20 per  Band D house due to increase in tax base
Change	£3,681	Dania D'house due to increase in tax base

#### Recommendation

- That the Council should consider adoption of Scenario 1
  - Allows for Council to increase its Special Projects EMR to help support the community once recovery is properly underway, and continue to build on set-aside to replace the Defibrillators.
  - Meets the Operational Budget need with only a small amount of "match funding" from unspent monies
  - Maintains the precept which is a strong indicator that the Council's finances and planning is under proper control especially when the bottom-line budget for the coming year is unchanged
