Mr I. Milsom
Clerk to the Parish Council
6 Pollards Moor Road
Copythorne
SO40 2NZ

8th June 2017

Dear Mr Milsom,

Land at Danes Road, Awbridge

I refer to the consultation event held at the Village Hall on the 26th April in respect of the proposal for the development of a new village inn, a village shop and a parking area together with 9 residential units on land at Danes Road, Awbridge.

My client, Awbridge resident Tom Hanslip, has asked me to provide you with details of the responses we received from visitors to the exhibition and I have pleasure in providing you with a summary of the results and an indication of what our next steps will be.

Overall, we estimated over 100 people visited the exhibition and a high proportion of these filled out questionnaires. In addition, we provided further questionnaires to some people who were unable to visit the exhibition and other questionnaires were taken away by visitors to pass on to other family members or neighbours.

The exhibition, together with the leaflets and correspondence distributed to local residents, means that all residents of Awbridge and surrounding areas were notified of the exhibition. If residents weren't able to attend then an email address was made available for any for feedback/comments on the proposals.

In all 78 questionnaires were returned, and I also attach a spreadsheet which shows the actual responses received. To comply with the Data Protection Act however we have redacted the names, addresses, and contact details of the individual respondents. Should you wish to verify the responses however, we would be prepared to let a representative of the Parish Council inspect the original documentation.
