

Report from Fixture Secretary
for meeting to be held at Exonia on 15th September 2022

It has now been 6 months since I have taken on the role of Fixture Secretary for D.C.I.B.A.

In the beginning there was quite a bit of paperwork to be updated and put in place.

I was given details from the previous Fixture Secretary, but the computer work that was sent to me was not compatible with my computer. Therefore, I was having to revise all the contacts for each of the clubs that we have fixtures with. However, that is all behind me now.

There have been issues with some games having to be temporarily cancelled for this coming season, but they will go back into the programme in the following season. Dates and venues were badly matched and rather than upset everyone's programmes it was best to cancel and ensure everything runs smoothly for the clubs involved. All involved have agreed by both parties that it was for the best.
