3. **Declarations of Interests:** None
4. **Co-option of a new member for Trent:** Following the resignation of Roger Kipling who, during his years as a Trent Councillor, had overseen the renovation of Trent Allotments, the planting of trees in the parish and the annual verges and gullies maintenance programme in Trent, a casual vacancy had been advertised. Two candidates whose statements had previously been circulated, explained why they would like to join the council. A paper vote was held and Sam Negus was co-opted.
5. **Minutes:** The minutes of the meeting on July 3rd were agreed as a true record and signed.
6. **To elect a new representative for Trent Allotments:** Sam Negus was elected.
7. **Business Items arising from meeting on July 3rd 2023**
  - a. **Nether Compton Recreation Ground:** Cllr Livingstone explained that the deeds of the recreation ground make it clear that the council has no obligation to maintain a stock proof fence on the boundary, rather that this obligation lies with the adjacent houses. The council has no objection to the property owners replacing the fence. The clerk will write to Mr Legerton, who had enquired, to explain the situation.
  - b. **Allotments:** The clerk noted that the water bill for Trent Allotments is higher than the same time last year. This may be as a result of a leak earlier in the year or the works that have been carried out. Cllr Negus agreed to bear this in mind. Cllr Biddiscombe reported that the area has been tidied up and the skip is almost full, so she will soon ask for it to be removed. £20 rent for NC plots was handed to the clerk.
  - c. **Neighbourhood Plan:** The clerk reported that the change of designated area has been requested and the consultation process is almost over. An interim grant of £1140.60 has successfully been applied for.
  - d. **QTPC Environment Lead:** Cllr Negus agreed to take on the role.
  - e. **Trees on Gore Lane and Western Street:** It was reported that the trees on Gore Lane are doing well but at least one of the trees on Western Street appears to have died. The clerk will look at the guarantee from the supplier. It was agreed that the trees do not require any maintenance at the moment.
  - f. **Fingerposts maintenance and repairs:** Clive Yendole has very kindly repaired a damaged post next to Nether Compton defibrillator. He is also repairing a post in Over Compton. The council asked the clerk to thank him and agreed to pay for the materials. Cllrs Lowe and Chick will this week go to select wood for repairs elsewhere.
  - g. **Side verging and gully clearing contract 2023** Cllr Lowe reported that the Dorset Council team had done an exceptionally good job this year. Thanks are also due to Mr Yeoman who has taken the spoil.
  - h. **Highways issues:** The clerk told the meeting that the new Community Highways Officer, Ian Styring has started work but has a backlog of issues to deal with. He will be introduced to the parishes in due course.

### Open Forum

Queen Thorne Nature Watch Group announced that they are now fully registered with the charity commission with the purpose of undertaking research into the environment and its biodiversity and disseminating the results for the benefit of the public. A list of recommendations for the role of parish council environmental lead was read out. The meeting was told that kick sampling in Sandford Orcas stream by the pub, village hall and

at Moorway Lane showed a depletion in aquatic life. Some of the land bordering the stream belongs to QT Agri and Cllr Harris who is a director of QT Agri, declared an interest. As this was the open forum, he was allowed to take part in the discussion from the public area. The NWG would like to hold a meeting with relevant land owners and asked the parish council to facilitate such a meeting. The chairman agreed that a meeting would be arranged and Mr Rutter said that he would be willing to attend.

A resident of Nether Compton spoke about a proposal to install gates to prevent off road vehicles accessing bridleways and green lanes. Permission has already been obtained from Dorset Council. The parish council agreed to consider a request for funding at the next meeting in November.

Two residents of Sandford Orcas told the meeting of a distressing incident whilst walking their Labrador along the road in Sandford Orcas. Two lurchers came from the vicinity of the Manor and attacked their Labrador. Fortunately, the dog was not injured, but the incident has been reported to the Dorset Council dog warden.

A resident of Trent told the meeting about a pop-up campsite in Trent, which is causing disturbance to the occupiers of houses close by. It was confirmed that the new government permitted development rules for campsites allow large numbers of tents and campervans over an extended period. The clerk will write to the Ernest Cook Trust to express concerns over the site in Trent and to the MP about the policy.

## 8. New Business

- a. **Wessex Internet proposed connection in Sandford Orcas** Wessex Internet has informed Cllr Lowe that Sandford Orcas is on the map for fibre broadband connection. Bidding is now open for the contract from the government. Result of the bidding should be announced in early 2024.
- b. **Inappropriate parking on the highway in Nether Compton** It was reported that there is a frequent problem arising from parking in the passing place and outside The Old Forge, Stallan which is causing the road to be blocked. The clerk will write to Dorset Highways.
- c. **Unreliable bin collections and wall damage at Homecroft** Cllr Lowe has been in touch with Dorset Council and suggested a course of action to the owners.
