

BHG Report for Borden Parish Council AGM May 2022

During this past year our Projects and events have included:

- The production and installation of the Heritage board at Oad Street Craft Centre
- A very successful 'Open day' in October to celebrate our 10th Anniversary (one year late due to Covid restrictions)
- The reprinting of our first book 'Memories of Borden'.
- The production of our Facebook page with a new dedicated committee member to manage it regularly.

Moving from the Forge to the Parish hall for meetings has proved very popular and as there is more space for seating and parking; this together with our new publicity method has increased attendance at meetings and funds.

We are looking forward to restarting visits to local places of interest now that restrictions have been lifted.

We give our thanks to Borden Parish Council for its continuing support.

Eileen
