Cllr Porter raised awareness of the Barton Line, which is a cycle route from Hydeborne Rd to central Winchester. She said the WCC Cllrs were keen that the route widening and crossings improvements, which would make the route safe for an 11yr old cyclist, should take place.
- ii Cllr Cramoysan said the conclusions of the first stage of the Winchester Town CGR would be presented to the Licensing Committee on 17<sup>th</sup> March. He confirmed that no decision had been taken regarding whether the Parish elections would be postponed (HWC/25/049ii).

The Chair brought item 9 up the agenda

**KB/25/126** **Community Building**

**a. Agree updated plans for the building**

The Committee agreed internal layout of the building. The Committee noted the advice from WINACC which said the solar panels should be installed to one side of the building to allow for further panels to be installed on a later occasion. WINACC also advised that the batteries should be installed outside of the building due to fire safety considerations. WINACC queried the number of batteries and the inverter. Clerk was asked to raise these matters with WCC in the response to the planning. Cllr Porter asked the Committee to consider if a sprung floor would be attractive for the building. Cllr Watters said that he believed this type of floor would mean the building could take bookings because it provided a facility for sports activities and dance. Cllr Porter proposed that the extra cost for the floor could be funded from WCC CIL. The Clerk was asked to contact CALA to enquire if CALA would be open to the PC installing a sprung floor and whether it would have any effect on planning.
