

**Residents Survey “Post it” comments 16.11.2017 against Q3 questionnaire outcomes.
“What do you see as the main threats for the future of Chelford Parish”**

Need better bus transport to places other than Macclesfield and Knutsford.

With the increase of population in Chelford more shops are needed. eg. A Co-op

A real need for smaller starter homes and bungalows in the 2 current developments.

More starter homes.

Starter homes needed.

Business and commercial is relatively one dimensional [Farm Supplies] Could be seen as not robust to support or enable future opportunity for Chelford. – Diversity could help!?

Do not want over-development. It will no longer be a village

**Sports facilities in wrong place.
Too dangerous for kids to access.**
