**Subject:** Information Request - EIR - 13876

Dear Councillor Hertz,

Thank you for your request dated 30 April 2018 in which you are seeking the following information:

*There are approximately 6 roads in Hannington Parish associated with communities needing access via them for the emergency services and for those folks needing to commute to work.*

*The parish council has a 'Duty of Care' to our parishioners, so under the Freedom of Information Act 2000 we would request the following information,*

- 1. What is the Hampshire County Council Highways Authority plan for keeping Hannington Parish's small communities accessible via the road network for emergency services?*
- 2. Which roads leading to small communities within Hannington parish are scheduled to be kept open when snow falls cause blockages such as snowdrifts on the roadway network?*
- 3. Which roads in Hannington Parish are specifically not within the plan to be cleared of snow when roadway blockages occur due to snow and associated snow drifts?*
- 4. For those roads that are in the HCC Highways Winter Services Plan for Hannington Parish, can HCC Highways categorically confirm that 'service contracts' are in place via third parties (or otherwise) to provide contiguous snow clearance services along the single track roads within Hannington Parish and into adjoining parishes such that routes are clear of snow all the way to the main arterial roads?*

Your request is now being considered and we endeavour to respond to your request as soon as possible or at least within 20 working days.

If you have any queries about this request do not hesitate to contact me. Please remember to quote the reference number above in any future communications.

Yours sincerely

Chloe-Mae Shawyer
