

### Pre-need Purchasing

Grave spaces and ashes plots can be purchased in advance of need.

The owner has the right of burial for 100 years from the date of purchase.

Although refunds will not be given in the event that a grave space or ashes plot is no longer required, burial or interment rights may be transferred on payment of a fee.

### Nature & Conservation

The Cemetery was designated as a Site of Nature Conservation Importance in 1993.

There are several wildflower areas where orchids and many other flowers attract pollinators, including butterflies and bees.

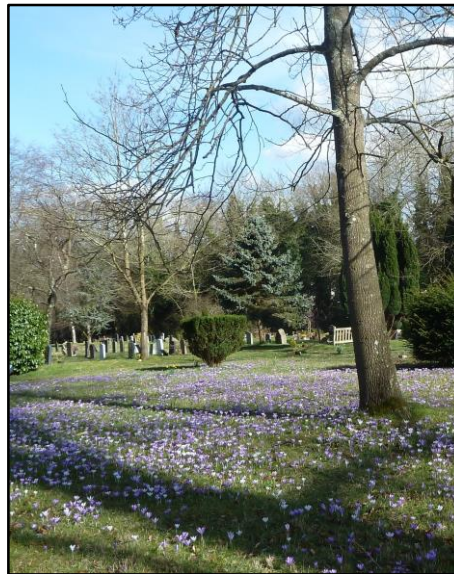

There are many beautiful trees, providing a home for a variety of birds and also the hundreds of different species of insects on which they feed.

A Tree Trail is available to guide you past notable specimens such as the tulip tree.

### Battle Cemetery

The Cemetery is owned and managed by Battle Town Council on behalf of the residents of Battle Civil Parish.

Non-residents may be laid to rest in our wonderful Cemetery. Fees will generally be doubled, though not necessarily for past residents of Battle, Netherfield and Telham.
