

Residents Survey “Post it” comments 16.11.2017 against Q4 questionnaire outcomes.  
 “By 2030 please describe what type of place would you like Chelford to be”

This is the only village hall to have a stage/Chelford Player productions & badminton court. Both would have no home if the hall altered!

Year round hourly [at least] direct trains to Manchester airport. Now takes 1hr via Alderley edge for 15min journey

Local convenience store – open longer hours.  
 With growing housing development please could careful consideration be given to provide a small 7-11 type convenience store  
 A general store with long opening hours

**A Community: Needs shop + café to meet in. Nice village hall, like Marthall. Development like wakeboard centre. A central place to meet + for leisure**

**Central venue to meet and chat and buy a coffee/tea. Break down barriers**

**Water sports park!**

**Agree with all these comments!**
