**2110/90 Cornwall Council**

It was RESOLVED to include the following comments in our response:

Roads: Oliver Jones does look after us well. White lines need renewing, rumble strips too. More passing places on local roads would be good.

Housing: Ask CC how many people on waiting list for affordable housing? Experience of approval of developments including an element of affordable housing but that condition was removed by time of building. Pre-app notifications please!

Coronavirus: generally good

“What C C does right”: The value of swimming for school kids (closure of leisure centres Launceston) was good in past. Recycling. CIL payments allowing local councils to provide the infrastructure needed.

BPC hope that this is the start of good two-way communication between CC and PC's, and BPC would like feedback and updates. (Clerk to chase up ahead of every meeting)
