C/331/19 To receive reports from District and County Councillors	331.1	<p>Bucks County Councillor Wight gave her report:</p> <p>Temporary TRO on the Brownlow Bridge A recent structural assessment of the B488 Brownlow Bridge at Ivinghoe indicates that it is no longer suitable for vehicles over 18 tonnes. As such, Transport for Buckinghamshire will shortly be making a formal temporary Traffic Regulation Order to restrict the legal weight limit on the bridge. This order will be in place initially for up to six months to allow an assessment of the impact of the closure against the potential for strengthening the bridge. The order will be put in place in the coming weeks once suitable signs have been designed and produced to appropriately sign the closure and official diversion route.</p> <p>Anglian Water Works on B488 and B489 Junction I have been informed by TfB that Anglian Water has been in touch regarding the water works required on the junction of the B488 and B489. As you may recall, these works have been delayed several months, in part due to concerns about worker safety and in part due to TfB not wishing to overly inconvenience residents with additional diversions while the Pitstone sewer works are being carried out.</p> <p>There will be a road closure in place from 6th – 18th April, with the closure being lifted on 18th April so that the area is open for Good Friday on the 19th and during the school holidays.</p> <p>Anglian Water will be contacting Ivinghoe Parish Council directly to provide further details in the coming weeks.</p>	Clerk

The Next LAF meeting

Time to Change

I am very pleased to be a Time to Change champion, having struggled with post-natal depression myself and having recently supported my daughter through issues with self harm during her recent terms at university. Time to Change is all about changing perceptions to eliminate discrimination and stigma which often prevent those struggling with mental health issues from coming forward to get support.

As part of this effort, Time to Change will be promoting Time to Talk Day on 7 February, 2019. As change starts with a conversation, we hope that by having some honest conversations about how common these issues actually are in our communities and families, we can start to reduce some of that stigma.

Mental health problems affect one in four of us, yet people are still afraid to talk about it. Time to Talk Day encourages everyone to talk about mental health. Having conversations about mental health helps break down stereotypes, improve relationships, aid recovery and take the stigma out of something that affects us all. There are lots of different ways to have a conversation about mental health. And you don't have to be an expert to talk.

In Bucks there are many events around the county planned for Time to Talk Day, and I will be supporting a workplace mental health drop-in chat session, along with Paul Irwin who is also one of our workplace Time to Change Champions. We will then be participating in the Waddesdon Greenway Walk, 2 – 4 pm, starting at Aylesbury Vale Parkway.

If you are interested in learning more, helping with Time to Change events, or getting involved in other ways, please do have a look at the Time to Change website for more information on how you can help make a difference in the community. More information on Time to Talk Day is also on the website.
