Please note: at the discretion of the Chair items were discussed in a different order to the published agenda

1. Welcome by Chair of Parish Council, Neil Farmer

2. Special guest, Steve Oliver, from Dorset Beaver Project

Presentation and followed by Q&A and invite for residents to visit the site.

ACTION: those interested in site visit to email the clerk.

3. (Refreshment break)

4. Introduction to Toller Health and Wellbeing initiative

Debbie Slate, Gill Leppitt and Caroline Joyce explained the plans for the initiative and encouraged residents to make use of the sessions.

CW informed the assembly that the Ammonite Patient Participation Group AGM would be held in the village hall, 15 May 2025.

5. Open discussion

a. Telephone and telephone box

An engineer has repaired the phone which is now in working order. The clerk will contact BT again to ask for a 12 month period of usage monitoring instead of taking out the phone as planned.

In the event the phone is removed, Parish Council aims to purchase the telephone box as an asset for the village.

b. 20mph limit

NF explained the processes involved in establishing a 20mph zone. Data has to be collected on current speed limits and history of collisions in the area (no reported collisions within the parish in the last five years).

NF went on to explain it would cost the Parish an estimated £1,000 to submit an application to Dorset Council. If unsuccessful, the Parish could pay for its own scheme at a cost not less than £5,000.

If a 20mph limit came into force it would replace the current 30mph zone.

Some residents were for the project and some were against it. Others wondered what other traffic calming measures could be put in place.

After discussion the consensus was that a 30mph speed limit is suitable.

c. Other topics raised by residents

- i. A resident noted that the Parish Council updates in the Toller Times were beneficial.

d. Administration

- i. **Councillor training** – 10 courses taken earning a Two Star Award from Dorset Association of Parish and Town Councils (DAPTC).
- ii. **Policy review** – finance, grant awarding and safeguarding policies updated.
- iii. **Qualification** – supporting clerk in attaining Certificate in Local Council Administration which will return the General Powers of Competence to Parish Council.

e. Recreation Ground

- i. **Community Orchard** – applied to Thatchers and received 10 trees.
- ii. **Trees planted by Magna Housing** – resulting in over 150 trees.
- iii. **Survey** – asking residents what they would like.

f. Planning

- i. **Applications** – considered a number of planning applications
- ii. **Material considerations** – taken advice on correct way to respond to planning applications to ensure local views are taken on board.
- iii. **Future Planning** – 3 councillors attended conference by DAPTC with Dorset Council. DB and PC attended 'What is a Neighbourhood Plan' session. They concluded that as potential for meaningful development was low and the cost of any plan was high, there was no benefit to the Parish at this time.
