DRAFT

## **Clairedale**

The Parish Council continue to oppose this application for following reasons:

The outbuilding is too large in relation to neighbouring bungalows and far as the PC is aware there was no outbuilding to be retained.

It leaves little open space around the property thus contributing to a sense of over development

The proposed fence is too high and along with the building will negatively impact the street scene on entry to Fiskerton Village as specified in the FCM Neighbourhood Plan

It also appears that the work has been completed which is not as specified on the application form

Finally, the Parish Council request that the temporary roadway constructed to provide access from Main Street is removed and the grass paddock reinstated at the rear of the property. This is because the paddock is within the designated Fiskerton Conservation Area
