

Land north of Lee Avenue, Shilbottle

Proposed Residential Development

Proposal

Adderstone Living are currently considering proposals for the construction of 32 homes on land north of Lee Avenue, Shilbottle.

Our proposals would see a mixture of semi-detached and terraced properties including four flats. The dwellings will be a mixture of sizes from smaller one bed roomed to larger four bed roomed homes, accessed from Lee Avenue. The scheme will comprise of 100% affordable homes.

In addition to the benefit of affordable housing in the area, the design of the proposed dwellings has evolved to create a sensitive, low density scheme providing on site open space, SUDs, and modern, energy efficient homes all with ample in curtilage parking and private gardens.
