

Dear Residents,

After the announcement from the Prime Minister last night, I wanted to update you all on the current situation for Bilsthorpe Parish Council.

We are having to make some changes, these include the closure of the Village Hall, Toilets and the use of the play park equipment at Crompton and Maid Marion.

We will do our utmost to carry on with normal services, but as more information and guidelines are released, some of these may also have to be reduced or stopped.

Much of the day to day business is still going ahead and all Councillors and our Parish Clerk have access to email and will be monitored.

We cannot for the moment hold our monthly Council meetings and we are waiting for legislation as to how we can conduct these remotely.

We appreciate your patience at this time, but we must do our best to keep everyone safe.

Ross Stoneman

Chairman
