**Cc:** Larter, Jonathan  
**Subject:** Swaffham, Norwich Road - S38 street lighting requirements  
**Attachments:** Swaffham, Norwich road - Letter C2.pdf; SWA-PL01 Planning Layout.PDF

Dear Richard,

Norfolk County Council have been approached to define the street lighting requirements for the above development in Swaffham.

Following discussions with our network safety department, Norfolk County Council do not require any street lighting on the internals of the estate as there is no highway safety need for it.

I am now writing to you to confirm whether or not street lighting will be required by the Town Council. Please could I ask that you review the attached and return the complete C2 letter, I can then inform the developer of any lighting requirements.

If you have any questions, please feel free to get in touch.

Kind Regards,

**Cameron Main, Senior Technician (Street Lighting)**

Dear Mr Bishop

**Development at Norwich Road, Swaffham.  
By: Persimmon Homes.**

The County Council will not accept responsibility for street lighting on this estate as it is considered that there is no highway need.

If your Council requires lighting and wishes to accept its future responsibility then it must be to a footway lighting standard, (Where no street lamp is mounted above 13 feet (3.9 metres) or where no street lamp is mounted more than 20 feet (6 metres) above ground level and there is at least one interval of more than 50 yards (45.75 metres)) between adjacent street lamps in the system) but the actual positions and equipment used is your Council's decision subject to the County Council's approval as Highway Authority.

Would you please complete the attached form and return it to me in order that I may know your Council's requirements.

Yours sincerely

Cameron Main  
Senior Street Lighting Technician
