Subject: Upcoming Works - A47 East Winch
Attachments: 601839 - A47 East Winch Mobilisation Letter.pdf

Dear sir / madam,

I am writing to inform you that we will be undertaking a scheme on behalf of Highways England on the A47 near East Winch. We expect these works to begin around late August and will last approximately 2 weeks, dependant on the weather.

A further notification letter will be issued before we commence works which will include a diversion map, road closure points and detailed scheme information.

If you require further information or have any questions, please do not hesitate to contact me.

Kind regards

Jonathan Wright MCIPR

Castle Acre Scheme, Newton Road, Castle Acre, Norfolk

Dear Name

We are currently in the process of installing a new foul water pipeline from Castle Acre Water Recycling Centre to Swaffham. The entire route is approximately 5.5km in length and so far we have installed approximately 3.5km. We will soon begin to start work at the A47 slip road and fly over which will then lead on to the installation of the main along New Sporle Road. The work under the A47 slip road and crossing will commence on **05th August 2019** and some traffic management measures (traffic lights) will be in place during these works. The work will then move onto New Sporle Road on the **12th August 2019** when a road closure will come into effect. We will be installing a new pipe along New Sporle Road and constructing a new manhole in the road.

The work will be carried out between the **12th August 2019 and 13th September 2019** (Monday – Friday 07:30 – 18:00).

It will not impact on the use of your facilities and there will be no loss of services. However, there will be traffic management restrictions in place.

We are sorry for any inconvenience. If you require any further information regarding the work being carried out by Anglian Water, please contact **John Bolton** on 03457 145 145.

For further updates you can visit In Your Area on Anglian Water's website <https://inyourarea.digdat.co.uk/AnglianWater>.

Thank you for your patience and apologies for any inconvenience this work may cause.

Yours Sincerely
Project Engineer
