

Harby Village

Welcome Pack

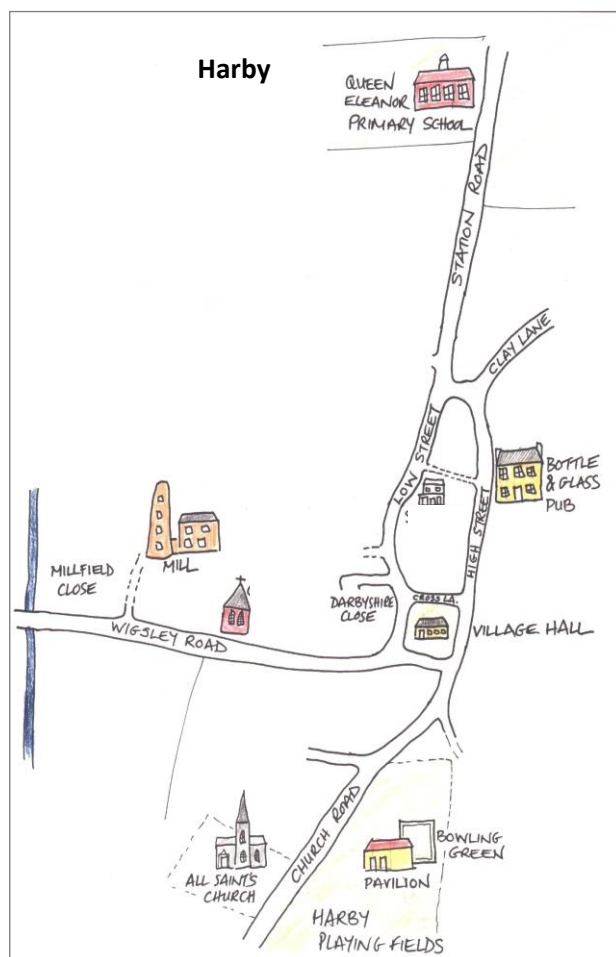

Welcome to Harby

Welcome to the village of Harby. This pack has been put together to help you settle into the village. It provides practical information on the local community and its services and facilities.

Harby is a vibrant community with just over 300 residents, located on the eastern border of Nottinghamshire, with the nearest commercial centres being Lincoln and Newark. We have excellent amenities for a small village, primarily due to the efforts of our parishioners. There is a village hall, playing fields with pavilion, primary school, church, pub, and an outreach Post Office. These facilities host many local groups including a bowls club, toddler group, bell ringers and a history group.

A Short History

Harby has been a settlement since at least 1086, when it was mentioned in the Domesday Book. The most significant event in its history was when Queen Eleanor, wife of King Edward I died in 1290 at the house of Richard de Weston. The moated site of Weston's house is to the west of All Saints Church. The current church was built in 1874-77 in the Early English style.

The community is historically a farming one and in the 1800s the village had its own blacksmith, joiners, wheel wright, shopkeepers, dressmakers, tailors and shoemakers. By the end of the 19th century a railway arrived in the village, linking Chesterfield and Lincoln. The line closed in 1980 and now forms part of the route 64 National Cycle Network. A five-storey tower windmill built around 1877, stands at the end of Mill Field Close and has been converted into a family home, with an earlier post windmill also being recorded.

During the First World War 50 men from Harby and Swinethorpe fought, with 9 men losing their lives. These men are remembered on the War Memorial in the churchyard. In the Second World War an airfield was built at Wigsley and housed up to 2000 personnel. After 1945, Harby's amenities improved with mains sewerage, water, electricity and proper roads being installed. Another event in Harby was in January 1957 when a RAF Vampire jet on a training mission crashed into the centre of the village. This changed the centre of the village, destroying houses and ultimately led to the presence of a new village hall on the site (*The History of Harby in Nottinghamshire, 2007*).

Schools

Children in Harby are fortunate to be able to easily access education, both at a primary school and at a secondary school level:

Queen Eleanor Primary School

Station Road, Harby, NG237EQ. 01522 703428.

Our small school currently has around 60 children between the ages of 4 and 11 years. The school is rated as 'good' (Ofsted, 2016), and has excellent facilities including a sports hall which opened in 2013.

Tuxford Academy

Marnham Road, Tuxford, NG22 0JH. 01777 870001.

Children aged 11-18 usually attend Tuxford Academy, using the school bus which stops in the village. The Academy is rated as 'outstanding' (Ofsted, 2012) and has around 1500 children. It has a specialism in technology.

Waste

- Our wheelie bins are collected Friday morning and should be at the edge of your property by 6am, alternating between the green and silver bin each week (Collection calendar available at www.newark-sherwooddc.gov.uk/waste).
- Green bins are for non-recyclable waste and silver bins are for recyclable items. Large cardboard packaging can be left by the side of the bin. For the current list of what is recyclable go to www.newark-sherwooddc.gov.uk/recycling.
- Used household batteries (no car batteries) can be put in a plastic bag ON TOP of your GREEN BIN where the collection teams can clearly see it and will take it away.
- Glass can be recycled at the facilities to the rear of the Bottle and Glass Pub.
- Garden waste can be collected in a brown bin for an annual charge of £30. Go to www.newark-sherwooddc.gov.uk/gardenwaste
- Newark Household Recycling Facility, Brunel Drive, Newark, NG24 2EG is open from 08:00 seven days a week and closes between 16:00-20:00 depending on the time of year (for further information go to www.nottinghamshire.gov.uk). **Residents have to register to use the facility.**
- Composters are available through Newark and Sherwood District Council at reduced rates.

Greening Campaign Harby and District

The Greening Campaign offers local communities the chance to come together to show that even small changes in their lifestyle can make a huge difference to energy bills and climate change. It is a great opportunity for communities to pull together to tackle some of the modern problems we are all facing. Residents have chosen to work towards the following challenges, to save money and CO₂:

- Turn off lights when you leave a room
- Change 3 light bulbs to low energy
- Turn off all standbys
- Walk if the journey is less than a mile
- Top up loft insulation to a depth of 270mm
- Boil only the amount of water needed
- Turn thermostat down by 1° C
- Turn off taps when brushing teeth

Planning Policy

Housing development is led by national and local planning policy. Newark and Sherwood District Council (NSDC) is the local planning authority with Harby Parish Council being a consultee on planning applications.

Future housing growth in Newark and Sherwood is to be in the Newark urban area, towns and large villages. Harby is defined as a 'sustainable' village so there are no specific policies relating to the village or a defined village envelope. The main planning policy applicable to Harby is Spatial Policy 3 (SP3) in the Core Strategy document.

SP3 Summary

The District Council will support and promote local services and facilities in the rural communities. Local housing need will be addressed by focusing housing in sustainable, accessible villages. The rural economy will be supported. The countryside will be protected.

Proposals for new development will be considered based on: Location, Scale, Need, Impact, and Character. Within the main built-up area of villages consideration will also be given to schemes which secure environmental enhancements by the re-use or redevelopment of former farmyards/farm buildings or the removal of businesses where the operation gives rise to amenity issues. Development away from the main built-up areas of villages, in open countryside, will be strictly controlled. Consideration will be given to the re-use of rural buildings of architectural merit.

We hope the information helps you settle into Harby. If you have any questions or comments the Parish Clerk or any of the Parish Councillors will be happy to help you.
