The officers of the management committee acknowledge their responsibilities for:

- (i) ensuring that the society keeps proper accounting records which comply with Section 75 of the Co operative and Community Benefit Societies Act 2014 (the Act),
- (ii) establishing and maintaining a satisfactory system of its books of account, its cash holdings and all its receipts and remittances in order to comply with section 75 of the Act, and
- (iii) preparing financial statements which give a true and fair view of the state of affairs of the society as at the end of the financial year and of its surplus for the financial year in accordance with the requirements of section 79 and 80, and which otherwise comply with the requirements of the act relating to financial statements, so far as they apply to the society.

Abbotts Ann Village Shop Association Notes to the Accounts for the year ended 31 December 2019

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets

Tangible fixed assets are measured at cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost, less estimated residual value, of each asset evenly over its expected useful life, as follows:

Freehold buildings over 50 years

Leasehold land and buildings Nil - the committee is of the opinion that the

residual value of the asset is at least equal to

its cost.

Plant and machinery over 5 years

Fixtures, fittings, tools and equipment 10% straight line on cost

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first in first out method. The carrying amount of stock sold is recognised as an expense in the period in which the related revenue is recognised.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Abbotts Ann Village Shop Association Notes to the Accounts for the year ended 31 December 2019

Pensions

Contributions to defined contribution plans are expensed in the period to which they relate.
