

DCIBA Secretary's Report 5.2.26.

Firstly, I would like to congratulate all the members in the County on their successes in the National and International Competitions, in particular

Robert Paxton on his Championship win at Potters.

The committee have spent some time dealing with the Constitution, hopefully a more detailed report will come out later in the year.

A lot of time has been spent on an email from Gary Hitching, hopefully that can deal with tonight. Some of his comments have been raised before.

DCIBA is under the control of the member clubs, if you wish to bring in changes please do, you have the power to make propositions, the one from Sidmouth tonight is a good example. There is no need to be rude to Committee Members or make slanderous Podcasts as some of our members have done. I hope we send out a message tonight to them that respect towards our fellow bowlers is most important, that should always come first.

George Coxwell, County Secretary
