LATEST NEWS BLOWING YOUR WAY

We are hoping to reach new heights in 2017

The band is aiming for new heights this year, by promoting the band a bit more than in the past, we are using local free publications to attract new players to come and join the band to strengthen its ranks. Also the band has just purchased two sail banners to use whilst playing outside. There are three concerts planned for 2017 starting in the Salvation Army hall in Shirley with a concert titled 'Aspects of Brass'. All our concert details can be found on our website on a new page designated to our concerts, all the information you need will be found there.

Player under the spotlight

Band Publicity Officer, David Lawson has recently changed instrument from Solo Cornet to Eb Bass, not only does it help the band by balancing the sound, but it helps David as he has felt like a change of instrument, having played cornet for 40 years.
